Continuation of Substance of Interview including description of the general nature of what was discussed: Claims 18-28, 30-31 and 33-34 cite a computer readable medium. The specification page 6 describes a computer readable medium to include a carrier wave. Thus, claims 18-28, 30-31 and 33-34 are described as signal claims. The examiner suggested amending claims 18-28, 30-31 and 33-34 to be limited to computer storage medium. Thus, claiming away from a signal claim. Claims 18-28, 30-31 and 33-34 were amended to read a computer- readable storage medium.
